

## MUSEUM FROM HOME

Art Explorers' Story Hour | February 2022

### Be A Storyteller!

Story telling is a great way to pass on traditions and share family history in cultures all over the world.

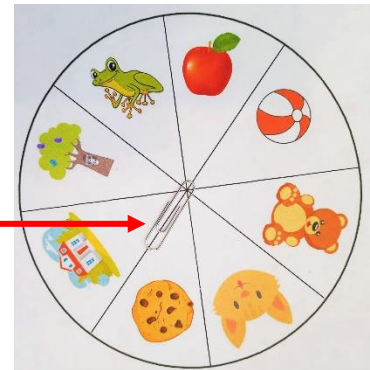

You can ask someone you know to tell you a story.

It's also a good way to have some fun!

Print this Storyteller Helper or make your own!

- Put a paperclip with one end directly in the center of the spinner. \_\_\_\_\_
- Place a pencil, point down, on the center inside the paper clip. \_\_\_\_\_
- Flick the paper clip with your fingers while someone else is holding the pencil.
- The object it lands on will be one of the objects in your story. You can do this three, four, or more times!
- Now, tell a story using the objects you chose! You can play this again and again.

**Storyteller Helper**

Try and make one of your own using photos of things you love or images from magazines.
